

**Contract Position, Part-time, 8- 12 hours per week for 32 weeks, \$28.70 per hour.
Must be available Monday-Thursday 3:15-5:15**

Neighbour to Neighbour Centre is looking for an Educator for their Math Success Program. The Educator is aligned with Neighbour to Neighbour's Mission, Vision and Values. They value and respect N2N volunteers as equal members of our team. They work side by side with staff and volunteers to achieve our goals.

Program Overview: The N2N Math Success Program provides students in Grades 5 to 8 with the opportunity to work with qualified Math Educators and trained volunteers once or twice a week to improve their math skills. Students are given additional instruction based on the curriculum they are learning in their regular class. Students receive small group support to complete their homework and build study and test-taking skills.

Research shows that students who do not build a strong foundation in math at the elementary level will continue to face difficulty in Secondary School Mathematics. Students that fail to achieve their Grade 9 Math credit are less likely to graduate.

Job Description: As Math Educator, you will be responsible for implementing whole-group activities designed to help students build numeracy skills. You will lead your assigned math locations and create an environment for learning under the direction of the Math Lead. Our programs are offered after school and involve whole group activities and small group homework/curriculum support with the support of volunteers. You will be responsible for supporting all volunteers in the program.

Job Requirements:

The ideal candidate will be passionate about learning with the ability to reach out to students and create a relationship of mutual trust and respect. They know how to engage students and tutors, to make learning a meaningful process. **The position requires the use of a vehicle and that you attend training sessions at Neighbour To Neighbour.**
